Conference Announcement & Call for Papers

Invitation To AARE 2010 National Conference (Hosted by AARE Qld)

The Australian Association of Religious Educators invites you to its biennial conference for 2010. The theme of the conference is **CROSSING BORDERS: Ways forward for Religious Education**.

We are fortunate to have secured an excellent faculty of Keynote speakers in Prof. Gary Bouma, Assoc. Prof. Julia Howell and Lynn Revell and we look forward to their contribution to the conference.

This conference will provide participants with opportunities for lively discussion and debate on the importance of religion in the lives of people. It will address the increasing need for a highly developed sense of religious and cultural literacy to show the way forward for the 21st century.

Teachers and religious professionals from across the world's religions are invited to take part in the conference and share their ideas about teaching religion in home, educational and community settings.

The conference also opens up the opportunities to engage in an exchange of educational ideas, teaching practices and inter-faith dialogue.
