

## ***Dear friends of Children of the World,***

I will be away in **Cambodia** this coming week presenting to a group of 31 pastors, the same "Introduction to Children's Ministry" training from Children of the World as was conducted last October in Perth by Graham McDonald and Pauline Pang.

I wanted to get the following information out to you before I leave, because immediately after my return I would encourage you to -

## **Come and hear CCCA leaders share the news in PERTH:**

### **"The National Leadership Team of Campus Crusade for Christ Australia,**

**Invite you for a Coffee and Cake evening. On the 30th October 2009 from 7.30 - 9.30 pm.**

**At the Metro Hotel "City Lights" Room, 61 Canning Highway, South Perth.**

**Please R.S.V.P by 26th October to email: [nd.admin@ccca.org.au](mailto:nd.admin@ccca.org.au)**

**Come share in the vision for WA and hear encouraging stories of what God is doing in Australia and overseas."**

Please note that space is limited in this "room with a view," so please consider accepting this invitation and confirming your participation as soon as possible. Please be encouraged to know that there are more staff and ministry associates in CCCA serving now in WA ~ so we are all keen that our supporters and ministry partners can come and hear from our national leaders personally! Please note also, that some of the information will be a surprise to many of us as CCCA rolls out its strategic plan across the nation! We are excited and feel that this visit to WA is an indication that many more initiatives will be started here in WA.

You may have only known of CCCA through contact with us and the Children of the World ministry. CCCA workers are involved in many unique evangelism opportunities such as; a rodeo champion who is now our rodeo chaplain, Surf Lifesaving Club who chaplains are giving support to many in life and death situations, plus overseas aid teams who are giving out significant help and millions of dollars of donations in many disaster areas. We are now seeing CCCA connect with every age group and are helping each transition from one ministry to the next. We can assist children to youth to campus students to families in our ministries as a person grows up and as their life goes through the usual changes. We also have men's, women's and business leader's ministry initiatives. Also, news from our international office shows how outreach in many places has gone on to result in church planting opportunities!

**Come and find out more ways how CCCA could help you more.**

***But there is MORE -***  
**Come also to hear CCCA staff share their**  
**multiplication strategy pilot in PERTH:**

**CCCA are also conducting a pilot leadership seminar on  
the 31st October 2009 from 9-12 noon.**

**Room 1, Riverview Church, 1 Thorogood Street,  
Burswood. RSVP's to email: [nd.admin@ccca.org.au](mailto:nd.admin@ccca.org.au)**

The purpose of this pilot "Movement Building Leaders Seminar" is to give an overview of the full seminar in advance of the roll out of this significant training initiative in 2010. Pastors, youth workers, missionaries and all Christians can receive training to be "disciplers of disciplers." Many leaders are now talking about seeking movements of multiplication in their ministries - but how do you actually achieve this? We will provide material developed by Dr Dann Spader, Founder of Sonlife USA and President of Global Youth Initiative. CCCA's "Youth Ministries Australia" has taught 1000's of youth leaders in this effective strategy for ministry.

Please note that space is NOT limited in this seminar ~ so please come or encourage someone from your leadership team or the whole team to come to this event. However, prior notice will help us prepare sufficient materials for delegates to receive.

---oOo---

2010 advanced notice: The "Passing the Baton" Children's Ministry Training Day and Expo is happening again on 13/2/10.

We have booked a bigger venue ~ but enrol early save money and ensure that you and your team don't miss out on this great event.

Watch out for the new [www.passingthebaton.org.au](http://www.passingthebaton.org.au) website about to be launched.

Please help me pass all this information to people who would value receiving it.

God bless,

*Brady Williams*

Field Worker WA - Children of the World
